## Fiscal Estimate Narratives DOT 5/1/2013

LRB Number 13	3-1461/2	Introduction Number	AB-0163	Estimate Type	Original		
<b>Description</b> Creating a vehicle registration exemption for motor vehicles held by garagekeepers that are operated for purposes of repair, service, or testing							

## **Assumptions Used in Arriving at Fiscal Estimate**

This bill exempts motor vehicles from registration when held by a garagekeeper at its repair facility and operated for purposes of testing, repair, or service. This bill will allow a mechanic to test drive vehicles for repair that have expired license plates. This proposal is similar to existing law that exempts repaired salvage vehicles from registration when operating to or from a location where it is required to be inspected.

The Department expects that the legislation will impose no new costs or administrative burdens, nor will it produce new state revenues.

## **Long-Range Fiscal Implications**

None.
